Kindergarten

Kindy have begun "Bubble Reading" every day after Lunch 2. The children take their book box, find their own bubble on the floor or tables. In this bubble they read their readers (familiar reads they have already taken home). Kindy must be careful not to sit too close to another bubble or it might POP!

Fairies have come to visit Kindy. They leave us messages and glitter...all over the floor!! Last week we noticed that 2 dinosaurs had joined the fairies tea party. I wonder what the fairies thought?

Year One celebrated pancake Tuesday by decorating and eating pancakes. They were delicious!

Year One have been working hard to problem solve in Mathematics, just like Mathematicians do. We are working hard to explain our thinking.

Which number is larger? Which number is smaller? How do you know?

Year 2

We had an amazing experience at our Possum Magic workshops! We dramatised parts of the story by going on a magical adventure with Grandma Poss and Hush.

We have been mathematicians doing HARD thinking and solving problems in Maths.

Year 3 have earned lots of Joey Jump rewards being Safe, Respectful Learners...

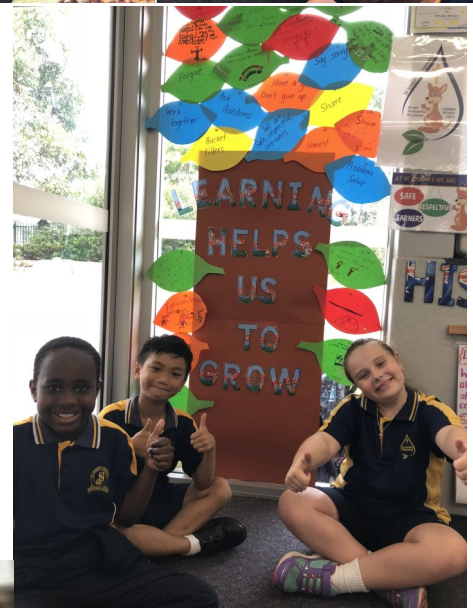

For a Joey Jump reward we made a class library

We also made a tree that shows how Learning Helps Us To Grow

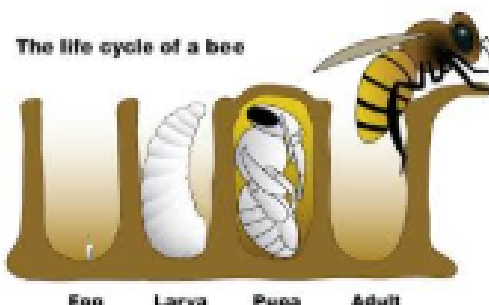

We love watching our Grass Heads grow.

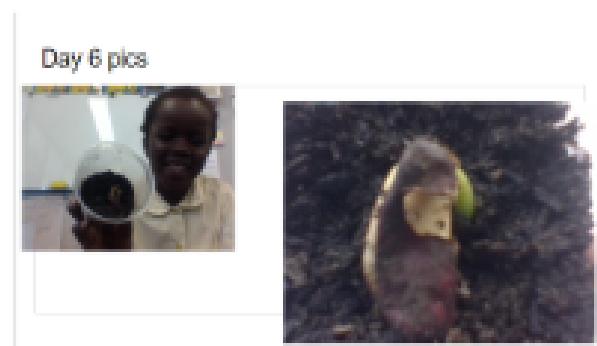

Joey Blue shed his skin

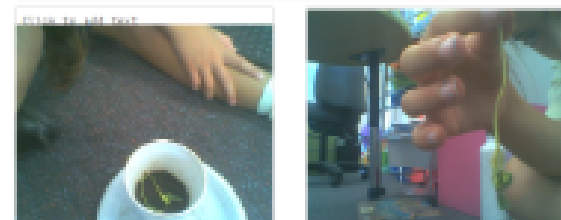

year 4 Celebration of Learning

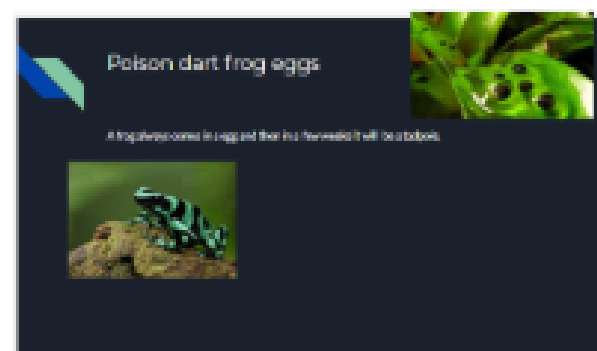

It's all about life cycles in year 4 at the moment. We are busy researching our chosen living thing. We have plants growing, mould consuming apples, animal videos and models being made.

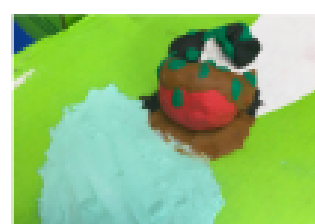

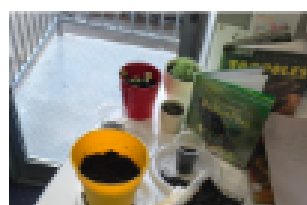

PICTURES OF WHAT WILL HAPPEN WHEN PEOPLE ATTACK PLANTS

Here are some slides from a few of our presentations.

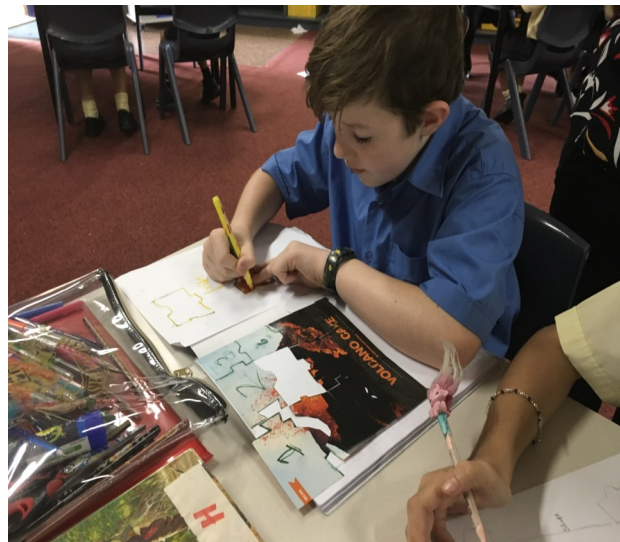

Some of us are making models or dioramas to match each stage of our living thing's life cycle.

Year 5!

Year 5 are learning about the concepts Rotation, Translation and Reflection commonly called “Flip, Slide and Turn” and the properties of 2D shapes using self made puzzle pieces.

YEAR 6

Year 6 have been putting into practice our learning about how the purpose and audience of a book affects what language and design features it has. We are creating Joey Expectation books for our Kindy buddies to remind them what Safe, Respectful Learners at St Joseph's we all are!
