eSafety for Children and Parents

It is essential in our modern day of technology that we work together to ensure our children are cyber safe. At St Joseph's children learn the importance of:

- Digital Footprints
- Cyber Safety
- Netiquette
- Being a responsible digital citizen

The following website can be used at home. It is free and has a variety of video clips, resources to be downloaded and activities for both parents and children. Some video clips are age appropriate so carers would need to check before allowing their child access.

Office of the Children's eSafety Commissioner
https://esafety.gov.au

eSafety issues
There are some real risks that you need to be aware of when you're online. Safeguard yourself and your friends by understanding the issues and knowing how to respond.

Games, apps and social networking
Information on how to protect yourself and your personal information when using social networking sites, search engines and online games.

Let's continue working together to teach our children how to be cyber safe.
