Kindy

In Geography, we have been exploring the places they live in and belong to. Jarara visited our classroom and talked to us about Indigenous places and traditions. We have created our own welcome to country as well as representing places in a variety of ways.

We have made exciting discoveries in our garden... fossils! We have been careful when digging them up and looking at them.

We have been having lots of fun experiences to write about this term. The fairies visited us and recently we learnt how to make milo. It was so yummy and great to write about!

Year 1

The Sloth Who Came to Stay

In Reading, Year One have enjoyed visits from a very slow, little sloth who is having adventures in the classroom each day.

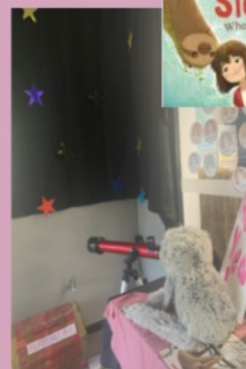

I wonder what the Sloth will get up to this weekend?

In Writing and Science, we have also been learning how sloths and other exciting animals survive in their environment and writing information reports.

In Writing, we have been writing letters to Sloth asking him to visit our homes. Now he is visiting Year 1 each night so students can write about their adventures with you. We can't wait to share their writing in class each day!

Year 2

Year 2 have been exploring different types of forces and energy. Using their new knowledge Year 2 are being toy creators and creating toys that use different forces and energy!

Y E A R T H R E E

We have had lots of fun in Maths this term. We are using water and measuring cups to determine the volume and capacity of various containers.

Together we built a model of our main scripture for Term 2 "The Road To Emmaus"

We celebrated the end of NAPLAN and all of our hard learning and thinking with a packet of chips and a popper!

Year 4

**Our
Ranger
Jamie
Incursion**

**In Science &
Technology
we are learning
about FORCES**

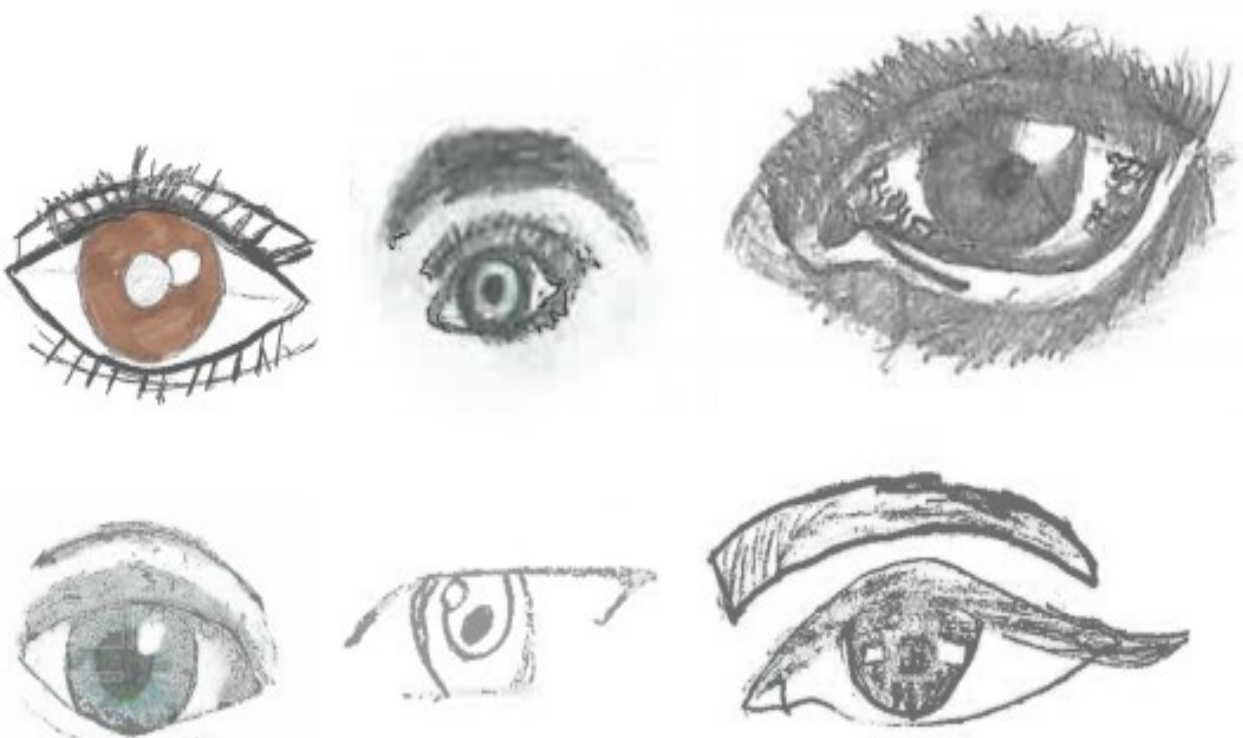

Year 5

We celebrated the end of NAPLAN with donuts!!

We zoomed with Year 6 and Our Lady of the Rosary School, St Mary's. We learnt about human dignity and helping people in the community. We also heard about the Jesuit Refugee Outreach project and their service to the community.

In Year 5 we are drawing. These are a sample of our eyes! Be careful, we are watching you!

Year 6

This week, Year 6 have been working closely with Year 5 on our Jesuit Refugee Outreach project. We have been learning all about human dignity and how JRS helps people in our community.

We have been experimenting with different instruments and body percussion to create a musical accompaniment for a page in a picture book.

RFF- Dance

This term we have been learning about Dance and Choreography in RFF. In Kindy we have been learning to move our body in different ways. In Year 1 and 2 we have been learning about how water moves in different ways and how we can represent that in dance. While in Year 5 and 6 we have been learning about dance in the 1950's, 1960's and 1970's and how these different decades influenced different dance styles.
