# Wear 1

Year 1 have been learning about healthy lifestyles as part of our Personal Development and Health unit in Term 4. They have been learning about different ways to keep themselves and others healthy, safe and active. Students are learning to recognise environments which promote health, safety and physical activity.

### Some of the topics have been:

- Daily exercise
- Getting enough sleep
- Reducing screen time
- Personal hygiene (including cleaning their bodies and their teeth daily)
- Breakfast daily
- Healthy food and snacks choices for their lunch boxes

In Science we have been learning about mixtures.

### Year 2

We have been learning about physical and chemical changes when combining things together. We made slime!!!

Maths- We are recording and showing analogue and digital time for our rich tasks and plotting numbers on a number line for our warm ups

Maths- We collected some examples of nature outside and constructed a graph to represent the data we had collected

Science- We are enjoying our group research project on types of animals

Year 3 and 4 have been learning about Australian Artists in Creative Arts.

This artwork is inspired by the work of Ken Done. Students used oil pastels and water colours as well as their knowledge of warm and cool colours to create their artwork.

## Year 6

This term students in Year 6 have been busy presenting their Science Electricity assignments. During these presentations, students discuss various types of electrical circuits and how they power a product they have created.

Year 6 students have also been busy presenting their voice of youth speeches. Each student created a speech based on a topic of their choice and delivered in a video presentation.
